## Community Update

### Partnership with A Helping Hand (Corangamite and Colac) Charity

The Berrybank 2 Wind Farm site contractors along with GPG have partnered with 'A Helping Hand' for our 2021 Christmas Appeal and have raised a total of **over \$6,000**. A Helping Hand is a charity that is dedicated to supporting locals in need and connecting them with locals who are able to lend a helping hand. This generous donation from all the staff and contractors on site will be used by 'A Helping Hand' to provide **food hampers, gifts and goods** to the people in our local communities that are most in need at this time of the year.

On Wednesday 15<sup>th</sup> December, **Nathan Micallef**, GPG's Community Engagement Officer, **Michelle Housego**, Vestas' HSE Officer, and **Kirby Thompson**, Vestas' Project Administrator, along with members from Victoria Police, A Helping Hand and Colac Foodshare were able to **pack over 25** food hampers that will allow the recipients to provide a **Christmas Meal** for their families as well as providing essential pantry staples.

## Construction Update

December 2021 has seen another **milestone** hit for the Berrybank Stage-2 Wind Farm with the arrival of the **last of the Wind Turbine Generator components** and seeing the last of the over-sized deliveries coming to site. December has also seen the completion of the foundations for the 3 new Transmission Line Poles which are due to be installed in **early 2022**, ahead of the stringing of the **new power line along the existing 7km transmission line** that connects the internal sub-station to the external sub-station and state power grid. Construction works on site have begun to wind down for the much-needed break over the Christmas Period.

The Berrybank 2 Wind Farm site will be **closed** from Friday **24<sup>th</sup>** December 2021 to Tuesday **4<sup>th</sup>** January 2022 with only limited vehicles on site during this period.

## Christmas Message from GPG

GPG Australia would like to wish everyone the warmest greetings for this festive season and the best wishes for happiness this new year. We hope that you all will get some down time over this festive season and spend some time with your families.

## Christmas Message from Vestas

On behalf of Vestas, we wish the local community members and nearby businesses around Berrybank Wind Farm a very safe, joyful and restful holiday season. Living and working through a pandemic has made seeing friends, family and colleagues challenging. We hope that connections are strengthened during this time and that 2022 brings great success.
